

**GASR  
WORKING GROUP**

**Aerodromes Regulation (GAR)  
Subpart A – Applicability**

**SECTION 1 SUBPART A-APPLICABILITY**

**GAR 1.A005 Scope**

(1) The Aerodromes Regulation lay down the requirements for the certification of aerodromes.

**GAR 1.A010 Aerodromes required to be certified**

The National Aviation Authority shall certify an aerodrome in accordance with the Aerodromes Regulation if that aerodrome is used for the take-off and landing of aircraft on civil commercial air transport operations.

*For the Future Work Programme, consider extension to “or intended for IFR-operations” and also consider introducing a bottom line for application and extension to aerodromes open to public use.*

**Definition**

Commercial Air Transportation means the transportation by air of passengers and/or cargo for remuneration or hire.

**SECTION 2**

**Subpart A Applicability**

**GAR AMC 1.A005 Scope**

In addition to civil aerodromes the Aerodromes Regulation applies to military aerodromes certified for civil use.

**GAR (IEM) 1.005 Applicability**

The Aerodromes Regulation does not apply to heliports and helidecks.  
*For future Work Programme, to be amended when Heliports are dealt with*
